WHEREAS, Concern over the near-term possibility of a great earthquake in California has been heightened by the recent increase in seismic activity occurring in the State over the past few months; and

WHEREAS, Federal, State and local officials agree there is a need to improve the state of private and public emergency response and preparedness plans so as to reduce the magnitude of human suffering and loss of life otherwise likely to result from a catastrophic earthquake; and

WHEREAS, It is further agreed that optimum earthquake preparedness can only be achieved through a partnership among federal, state and local governments and volunteer and private organizations as none has the resources or authorities to solve the problem alone; and

WHEREAS, The Federal Emergency Management Agency(FEMA) has been charged with providing the necessary management and coordination required to strengthen significantly research, planning and preparedness within the federal government as delegated under the National Earthquake Hazards Reduction Program Act; and

WHEREAS, California Assembly Bill No. 2202, recently signed by the Governor, formalized an agreement between the federal government and the State of California and established a jointly funded project to design a comprehensive earthquake prediction-response plan for the State; and

WHEREAS, To implement this project, FEMA has established a small dedicated staff in California to participate in jointly coorditated earthquake preparedness planning and implementation together with state and local governments with emphasis of this collaborative effort being placed on public safety, reduction of property damage, self help on the part of individuals, improved response and long range recovery planning, mitigation activities and post earthquake periods; now therefore, be it

RESOLVED, That the San Francisco Board of Supervisors hereby commends and expresses its support for, and its desire and commitment to join in the joint federal-state effort, initiated by the Governor of the State of California and the President of the United States, for the purpose of developing an improved and coordinated emergency earthquake preparedness and response plan for the State of California; and be it

FURTHER RESOLVED, That the San Francisco Board of Supervisors hereby respectfully requests Her Honor, the Mayor, to direct the San Francisco Office of Emergency Services, or other appropriate office of local government, to disseminate immediately all information about this joint project to City and County officials, voluntary agencies, practicing professions, neighborhood associations, business and commercial interest, labor, educators, researchers and members of the public so that they may better participate in the ongoing activities of FEMA Region IX (San Francisco) and be aware of the cooperative study to determine the requirements for optimum earthquake preparedness now being conducted in the State

MEMORIALIZING THE CALIFORNIA STATE LEGISLATURE TO ADOPT LEGISLATION PERMITTING LOCAL JURISDICTIONS WHICH, DURING THE 1978-79 TAX YEAR, ASSESSED AND COLLECTED TAXES ON UNSECURED PROPERTY ACCORDING TO THE DICTATES OF ARTICLE XIII, SECTION 12 OF THE CALIFORNIA CONSTITUTION RATHER THAN PROPOSITION 13 TO EXPEND THOSE REVENUES ORDERED FROZEN BY AB 2196, SUCH EXPENDITURE TO BE DEEMED PERMISSIBLE AS OF JULY 1981

WHEREAS, Article XIII, Section 12(a) of the California State Constitution requires that taxes on unsecured property, both real and personal, are to be assessed at the prior years rate for the secured rolls; and

WHEREAS, San Francisco, in making its 1978-79 assessment and collection of taxes on unsecured property did so following the dictates of this provision, applying the higher 1977-78 secured rolls rate rather than the 1% and other limitations imposed by the newly adopted Proposition 13; and

WHEREAS, A portion of the revenues thereby collected by San Francisco (namely, the $15.2 million in excess of the amount which would have been collected if Proposition 13 had been followed) were ordered frozen until various court decisions could be rendered regarding the effects on the unsecured tax roll revenues of Proposition 13 and Proposition 8; and

WHEREAS, The State Supreme Court, in Board of Supervisors v Lonergan (L.A. 31244) upheld San Francisco's method of tax assessment; and

WHEREAS, AB2196, adopted on August 31, 1980, by the California Legislature prohibits local governments from expending during the 1980-81 fiscal year, those revenues collected from the unsecured roll which exceeded the amount it would have collected if it had applied the tax rate limitation contained in Proposition 13; and

WHEREAS, Such legislative action has prevented local jurisdictions the use of much needed revenues legally collected and due them; now, therefore, be it

RESOLVED, That the San Francisco Board of Supervisors hereby memorializes the California State Legislature to adopt legislation to permit those jurisdiction which, during the 1978-79 fiscal year, assessed and collected taxes on unsecured property according to the dictates of Article XIII, SEction 12 of the California Constitution rather than Proposition 13 to expend those revenues ordered frozen by AB 2196, such expenditure to be deemed permissible as of July 1, 1981; and be it

FURTHER RESOLVED, That the San Francisco Board of Supervisors does hereby transmit this resolution to Her Honor, the Mayor, with the strong request that she transmit it to all members of the San Francisco delegation in the Legislature with the request that they take all necessary steps to effectuate its intent at the earliest possible date.

SCHEDULE B

APPROVING CHANGES TO THE SCHEDULE OF RATES AND CHARGES FOR COMMON USE FACILITIES AT SAN FRANCISCO INTERNATIONAL AIRPORT AS ESTABLISHED BY AIRPORTS COMMISSION

WHEREAS, the Airports Commission by Resolution No. 80-0278 adopted November 4, 1980 established a new schedule of airline landing fees and charges according to the following schedule:

Landing Fee Schedule as of July 1, 1980:

A rate of One Dollar and Ninety Cents ($1.90) per thousand pounds of approved maximum landing weight for each revenue flight of a carrier landing at the Airport, subject to the following volume discounts applicable to the total monthly approved maximum landing weight of a carrier's revenue flights landing at the Airport during said month.

LANDING WEIGHT POUNDS	PERCENT DISCOUNT	BASE RATE PER THOUSAND POUNDS	SPECIAL CHARGE	TOTAL RATE
First 40,000,000 lbs.	0	$ .94	$ .96	$1.90
Next 40,000,000 lbs.	10%	.846	.864	1.71
Next 40,000,000 lbs.	20%	.761	.779	1.54
In excess of 120,000,000 lbs.	30%	.685	.70	1.385

On a monthly basis, for test, training, familiarization or other non-revenue producing landing, a rate of $ .07 per thousand pounds of maximum gross landing weight, in excess of 25% of the gross landing wieght of its total monthly revenue landings; all as more fully set forth in said Resolution No. 73-0062, now, therefore, be it

FURTHER RESOLVED, That in the event the present litigation between certain airlines and the City of San Francisco is settled and in the event that settlement provides the Airport the opportunity to finance its capital improvement program through the issuance of revenue bonds, this Commission will provide, to the extent that it is legally feasible and financially desirable to do so, a reimbursement to the airlines of the special charge paid for capital improvement

projects out of the proceeds of said revenue bonds; and be it

FURTHER RESOLVED, That these rates are subject to an amendment to the Landing Fees Agreement permitting rates to be set for the second year of the triennium preserving Airport's right for the establishment of rates for 1981-82 without resort to the emergency provision of the Landing Fee Agreement; and be it

FURTHER RESOLVED, That, in the event that any airline carrier which is signatory to the Landing Fee Agreement does not agree to said Amendment, the rate of Three Dollars and Twenty-four Cents ($3.24) per thousand pounds of approved maximum landing weight for each revenue flight, subject to volume discount as described above will be applicable for the fiscal year 1981-82:

LANDING WEIGHT POUNDS	PERCENT DISCOUNT	BASE RATE	SPECIAL CHARGE	TOTAL
First 40,000,000 lbs.	0	$1.59	$1.65	$3.24
Next 40,000,000 lbs.	10%	1.431	1.485	2.916
Next 40,000,000 lbs.	20%	1.288	1.337	2.625
Over 120,000,000 lbs.	30%	1.159	1.203	2.362

As in the case of the 1980-81 rate schedule, the special charge would be rescinded to the extent permitted by the availability of revenue bond funds as noted above; and be it

FURTHER RESOLVED, That in order to permit San Francisco International Airport to continue to operate, and to provide for a full reservation of rights by any airline which claims injury by reason of illegal diversions from San Francisco International Airport revenues and other Airport funds (as identified in the first recital of bilateral agreements between user airlines of San Francisco International Airport and the City and County of San Francisco acting by and through its Airports Commission entered into in September and October, 1978 and the funding on a current basis of the Modernization

and Replacement plan capital projects from landing fees); acting by and through its Airports Commission, acknowledges that any airline payments of landing fees increases provided for in this resolution are made and accepted under protest; and be it

FURTHER RESOLVED, The City and County of San Francisco, acting by and through its Airports Commission, will accept any such protested payments with acknowledgement of a full reservation of rights by the paying airline(s), and without necessity for any further notification by any paying airline of its reservation of all legal rights, and with acknowledgement that any such payment will not cause any bar or waiver of any such rights to arise by virtue of any such payment; now, therefore, be it

RESOLVED, That the Board of Supervisors of the City and County of San Francisco does hereby approve the aforesaid schedule of rates and charges for common use facilities at San Francisco International Airport, as submitted in Airports Commission Resolution No. 80-0278 adopted November 4, 1980, a copy of which is on file in Board of Supervisor's file number 27-80-141.

FINDING THAT THE PROPOSED SUBDIVISION MAP OF 2195 GREEN STREET IS CONSISTENT WITH THE MASTER PLAN, AND DISAPPROVING ACTION OF DIRECTOR OF PUBLIC WORKS IN DISAPPROVING TENTATIVE MAP FILED IN CONNECTION THEREWITH, SUBJECT TO CERTAIN CONDITIONS.

WHEREAS, A tentative map for a 10-unit condominium subdivision at 2195 Green Street was referred to the Department of City Planning for review pursuant to the provisions of Section 1325 of Chapter XIII, Part II, San Francisco Municipal Code (Subdivision Code) on the property described as follows:

2195 Green Street, Lot 16 in Assessor's Block 557; and

WHEREAS, On September 11, 1980, after a public hearing, the City Planning Commission adopted Resolution No. 8719, finding that elderly tenants were displaced and vacancies created for the purpose of preparing the building for condominium conversion subdivision, and that, therefore, the condominium subdivision is not consistent with the Master Plan; and
